Internet Banking and Electronic Payments

Payment of invoices online saves time and money – no envelopes or stamps required and the authorisation can be done remotely at any time. The payment is received in the creditor's account within two working days; and the creditor does not have to take a cheque to their bank.

The controls and approvals, properly used, are as secure as the existing cheque system. The Responsible Financial Officer may 'view and submit' online but may not authorise a payment. Signatories may 'view and authorise' what the RFO has entered but may not set up a beneficiary or a payment themselves.

The RFO will continue to provide Bank Statements and reconciliation with the Bank Statement to the Council meeting at least quarterly.

The RFO will continue to make payments by cheque when necessary, following the existing controls and approvals, but will move to online payments when possible.

The Council will endeavour to have a minimum of three Full Signatory Councillors as authorised signatories at any one time.
